Software Development Engineering student building interfaces, data workflows and deployed web products. I connect JavaScript, Java, Python, SQL and cloud services with clear product flows, and document the decisions behind each implementation.

SELECTED WORK

TextHuman

Developed a web writing product with authentication, payment flows, PostgreSQL, transactional email and Cloudflare Workers. Implemented local JavaScript text-editing rules to reduce dependence on external model APIs.

TRAZA FIT · SHIFT

Built a work-integrated learning interface with career pathways, evidence collection, interactive practice and a separate content-control workspace. React, TypeScript, Supabase and Cloudflare.

NorthPeak Incident Management

Requirements, process mapping, SQL data modeling, a Flask/SQLite ticket workflow, dashboard reports and automated tests for a fictional manufacturing-company case study.

SmartLibrary · Java

Library-management project using Java, NetBeans and Swing: role-based access, CRUD, loans, returns, history and statistics.

SysChat · Python & WebSockets

Client-server chat and monitoring project with real-time communication, CPU/RAM/disk metrics, process management and activity logging.

Predictive sales analysis

Cleaned 3,636 records, engineered variables and evaluated multiple linear regression with R^2, MSE and RMSE in Python and Google Colab; presented results in an executive format.

EDUCATION

Universidad Tecmilenio

Software Development Engineering · 2025 - present
Third semester · GPA 98.33/100 · 35% academic scholarship

TECHNICAL SKILLS

Languages

Java · JavaScript · TypeScript
Python · SQL · HTML · CSS

Web & data

React · PostgreSQL · Supabase
Flask · FastAPI · SQLite
WebSockets · Google Colab

Cloud & integrations

Cloudflare Workers · REST APIs
Mercado Pago · Resend

Tools & systems

Git · GitHub · VS Code · NetBeans
Linux · Red Hat Enterprise Linux

SELECTED LEARNING

Red Hat System Administration I (RH124)
Red Hat · 40 hours · 2026

Java Fundamentals
Oracle Academy · 2026

Introduction to Data Science
Cisco Networking Academy · 2026

LANGUAGES

Spanish · native
English · EF SET C2 Proficient
