

Abril Miranda Villa Márquez

SOFTWARE ENGINEERING STUDENT | SOFTWARE BUILDER

Torreón, México | mirandavilla341@gmail.com

[abrilvillita.github.io](https://github.com/abrilvillita) github.com/abrilvillita linkedin.com/in/abrilmirandavilla EF SET C2

Software Engineering student who builds and documents working products across web interfaces, APIs, data, and cloud services. Strong academic record (98.33/100), advanced English (EF SET C2), and hands-on experience with Python, Java, JavaScript, SQL, testing, and team projects.

EDUCATION

Universidad Tecmilenio | B.S. in Software Development Engineering

2025 - present | Third semester | 98.33/100 average | 35% academic scholarship

SELECTED ENGINEERING PROJECTS

TextHuman - AI-assisted Spanish writing SaaS

Project

JavaScript, Cloudflare Workers, PostgreSQL/Supabase, APIs

- Built and deployed a responsive product with account flows, subscriptions, document processing, transactional email, and a custom domain.
- Connected browser, Worker, database, AI provider, and payment service; kept privileged operations on the server side.

Argus AI - streaming IoT anomaly detection

Project

Python, FastAPI, WebSockets, SQLite, Docker

- Implemented online EWMA z-score and multivariate anomaly detection for simulated device telemetry, with a live dashboard and no-code response rules.
- Created REST/WebSocket flows, container setup, and a self-seeding demo for the DevNetwork API/Cloud/AI Hackathon 2026.

NorthPeak Incident Management System

Project

Python, Flask, SQL/SQLite, pytest, Excel reporting

- Built a working ticket workflow with a data model, dashboard, analytical queries, and automated tests.
- Documented requirements, process maps, test plans, a defect fix, and implementation steps using a fictitious company scenario.

SmartLibrary - academic Java application

Java, object-oriented programming, Swing, CRUD

- Developed a library management system with role-based access, loans, returns, history, and statistics.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL, HTML, CSS. Frameworks and systems: Flask, FastAPI, PostgreSQL, Supabase, Cloudflare Workers, WebSockets. Tools: Git, GitHub, Docker, Linux, pytest.

CREDENTIALS AND ACTIVITIES

EF SET English Certificate - C2 Proficient; Red Hat System Administration I; Cisco Introduction to Data Science; Tecmilenio Object-Oriented Programming. SHIFT 2026 participant with Nova Laguna; Tecmilenio flag football team.
